

**MINK VENTURES CORPORATION LAUNCHES \$1,000,000 NON-BROKERED PRIVATE PLACEMENT FINANCING WITH CMETC FLOW-THROUGH AND HARD DOLLAR UNITS**

Toronto, Ontario, May 12, 2026 – Mink Ventures Corporation (TSXV:MINK) (“**Mink**” or the “**Company**”) today announced a non-brokered private placement for aggregate gross proceeds of up to \$1,000,000 (the “**Offering**”). The Offering will consist of the sale of hard dollar units (the “**HD Units**”) of the Company at a price of \$0.10 per HD Unit and flow-through units (the “**FT Units**”) of the Company at a price of \$0.13 per FT Unit.

Each HD Unit will consist of one common share of the Company (a “**Common Share**”) and one Common Share purchase warrant (“**Warrant**”). Each Warrant shall entitle the holder thereof to acquire one (1) common share of the Company for a period of thirty-six (36) months from the date of issuance at an exercise price of \$0.20.

Each FT Unit will consist of one Common Share of the Company (a “**FT Share**”) and one Common Share purchase warrant (“**FT Warrant**”). Each Warrant shall entitle the holder thereof to acquire one (1) common share of the Company for a period of thirty-six (36) months from the date of issuance at an exercise price of \$0.20.

The FT Shares are to be issued as “flow-through shares” within the meaning of the *Income Tax Act* (Canada) (the “**Tax Act**”). An amount equal to the portion of the subscription price that is directly attributable to the consideration paid for the subscription and issuance of the FT Shares will be used to incur eligible resource exploration expenses which will qualify as (i) “Canadian exploration expenses” (as defined in the Tax Act), and (ii) “flow-through critical mineral mining expenditures” (as defined in subsection 127(9) of the Tax Act) (collectively, the “**Qualifying Expenditures**”). Qualifying Expenditures in an aggregate amount equal to the gross proceeds raised from the issuance of the FT Shares will be renounced to the initial purchasers of the FT Units with an effective date no later than December 31, 2026. The FT Warrants are not being issued as “flow-through shares” within the meaning of the Tax Act.

The Company plans to use the net proceeds raised from the sale of the HD Units and FT Units under the Offering for the exploration, drilling, and advancement of the Company’s Montcalm nickel copper cobalt project, the Warren copper nickel project and, in respect of the HD Unit proceeds, for general working capital purposes.

The securities issued under the Offering will be subject to a four-month and one day hold period and will not be sold in the United States. The Offering is subject to customary closing conditions including, but not limited to, receipt of approval of the TSX Venture Exchange (the “**TSX-V**”). The closing of the Offering may occur in one or more tranches, with the initial closing date of the Offering expected to occur on or around June 17, 2026 and is not subject to receipt of a minimum amount of gross proceeds. The Company may pay to certain introducing parties in respect of the Offering finder’s fees of up to 8% cash and non-transferable common share purchase warrants (“**Finder Warrants**”) to acquire that number of common shares equal to 8% of the number of Units sold to investors so introduced, subject to compliance with applicable securities legislation and TSX-V policies. Each Finder’s Warrant shall entitle the holder thereof to acquire one (1) common share of the Company for a period of thirty-six (36) months from the date of issuance at an exercise price of \$0.20.
